

# System Requirements

NOC-PS For WHMCS does not have special requirements. Your installation must just meet the [WHMCS system requirements](#) and you need to have a **NO C-PS installation**.

All WHMCS versions since WHMCS v6 are supported.

| Component | Requirement   |
|-----------|---------------|
| WHMCS     | v6 / v7 / v8  |
| PHP       | PHP 5 / PHP 7 |
