## **Discord Notifications For WHMCS Home**

(i) Here you can buy the module

## Description

This module complements the WHMCS notification system to send messages via Discord.

The module is fully integrated into the WHMCS notification system so that all functions can be used.

## For each configured notification, the following additional options can be set:

- Message Color
- Replace the default webhook URL with a custom webhook URL to post messages in different channels
- Customize the primary display message shown in the notification
