Configurable Options

Configurable options allows you to let your customers determine the size of their disksize and the number of snapshots themselves during the ordering process.

Supported types are:

- Dropdown
- Radio
- Quantity (Slider)

The module supports Friendly Option Names. Futher informations are provided at the WHMCS documentation: Friendly Display Names

Option: Disk Size

The option name must be named "Disksize". Options must be numeric and represent values in GB:

ption Name:	Disksize Disk Size					Type: Dropd	•
