

Client Area

Do not show renewal button

Do not show domain renew button at free domains.

Disable Bulk Tools

Disable domain bulk tools for free domains on the domain overview page. Checkboxes will be locked.
The WHMCS bulk tools allow the client to make adjustments to several domains at once. This may conflict with your ACL settings.

Show "Free Domains" Sidebar at product page

Activates the Sidebar Menu at the product page. The Sidebar shows a list of the activated domains and a link to the free domain activation page.
