

Install the module

The installation and configuration of the module should take no longer than 5 minutes. Follow these simple steps:

1. Extract the module archive which you downloaded from the client area.
2. Insert your license key in the file **/plugins/ip_login_history/config.json**
3. Upload the module to your Blesta installation.
4. Go to the Blesta Admin backend, click on **Settings Plugins Available IP Login History** and activate the module.

/plugins/ip_login_history/config.json:

```
{
  "name": "IP Login History",
  "description": "Displays all recent logins of a user",
  "authors": [
    {
      "name": "Deploymentcode",
      "url": "https://deploymentcode.com"
    }
  ],
  "licensekey": "YOUR_KEY"
}
```
