

Install the module

The installation and configuration of the module should take no longer than 5 minutes. Follow these simple steps:

1. Download the module archive from the client area and extract it.
2. Upload the module to your WHMCS installation.
3. Go to the WHMCS Admin backend, click on **Setup Addon Modules**.
4. Click **Activate** at **Invoice Notifications**.
5. Click **Configure**, enter your License Key and select **Full Administrator** at Access Control.
6. Click **Addons Invoice Notifications** to open the Addon Page.

[Please read the Usage page to understand all the options.](#)
