Configure

License Key	sharecart_7c9c439160	Key from deploymentcode.com
Share Button via Javascript	☒ We try to add the share button automatically to the cart page. If you use a strongly customized template, it may not work. You can modify the output by editing the file template.php	
Automatically delete shared carts after	720	hours. Leave empty to disable.
Share button only visible for admins	☒ Activate this function if you only want the share button to be visible for logged in admins in the shopping cart.	
Manually Insert Template Change	<button data-toggle='modal' id='btnShareCart' data-target='#shareCart' class='btn btn-xs'><i class='fa fa-share'></i> Share Cart</button> If you are using a custom template, you may do not want to use the Javascript code insertion. You can add this code to your template and modify to match your template design. More informations can be found at the documentation.	
Access Control	Choose the admin role groups to permit access to this module: ☐ Full Administrator ☐ Jelastic ☐ Sales Operator ☐ Support Operator
