

iSCSI Configuration

iSCSI Configuration

Open **Control Services** from the Services Menu on the left side, next click on the wrench icon at iSCSI and set the following values:

- Basename: iqn.2018-08.yourdomain.tld

Click on "**Save**" to save the changes and activate the service using the "**Start now**" button.
The last step is to checkmark the "**Start on boot**" box
